

Step 6 - Post Event

Please find listed below the recommended actions that you need to take during this step of implementation:

Distribute your Post Camp Communication

Use the methods below to communicate this. You can find the template communication within the 'Communication' section of the Training Hub.

Send to camp attendees via email - [Click Here for Tutorial Video](#)

A tutorial showing you this feature is also available within the Communication page of the Training Hub.

Send via GLF.Locker Messaging - [Click Here for Tutorial Video](#)

A tutorial showing you this feature is also available within the Communication page of the Training Hub.

Share any Success Stories and Images with Parents

Share any photographs you took during the event and any specify success stories with parents and your database. Ensuring you have permission of course!

Program management will be distributing a survey periodically to parents and guardians of children who attend your Junior Camps. To support this element and drive the success of the program, please ensure that your student information is up to date and advise parents/guardians to complete this when it is distributed.
