Around the Green Challenges

The graphic below provides an example of how each of the challenges connect together when laid out around your short game area:

Please find below a list of the equipment you require for these challenges:

Cones to mark the starting position

Colored Cones to mark the 10 yard Target Circles

10 ft diameter hoop

Safety Cones

Clock Control

How to Practice

- Learners practice by swinging the club back different distances and seeing how this affects the distance the ball travels
- The learners should think about the club head travelling back to 7, 8, 9 and 10 o'clock to give some context to how far back they are swinging the club
- Do not worry about playing to a specific target, the aim should be to achieve good contact and see how far the ball travels when this happens

Technical Link

- This activity will help the learner to understand the distance the ball travels relative to the speed of the club head and length of swing

Closest to the Pin

Equipment Needed

- 10 golf balls

How to Play

- Nominate a player to play first. Each learner has 5 shots per round
- The first player attempts to pitch their ball as close to the flag as possible
- Then the second player hits their first shot and attempts to get it closer than the first
- The aim is to get as many balls close to the pin as possible, compared to your playing partner
- Each ball that is closer to the pin scores a point

Progression Ideas

- Vary the distance from the starting position to the flag
- Drop the ball each time to simulate a real, on course situation

Learning the Game

This is an elaboration of the content covered in the Themed Class this week. Be clear that you are covering this so that anyone who missed the themed class is able to receive the content.

Add to the content delivered in the themed class and provide further information on the following areas:

Short Game Warm Up

Your learners have been introduced to what to do before a round, now we add some more detail to the short game warm up.

Learners quite often neglect the short game when warming up before a round, you should encourage them to practice two or three key shots, to build confidence before heading out onto the course.

The Whole Golfer

This is an elaboration of the content covered in the Themed Class this week. Be clear that you are covering this so that anyone who missed the themed class is able to receive the content.

Add to the content delivered in the themed class and provide further information on the following areas:

Pre shot routine

Introduce learners to the importance of a pre shot routine. Getting into the correct frame of mind for the shot, knowing that they are giving themselves the best chance to achieve a good outcome.

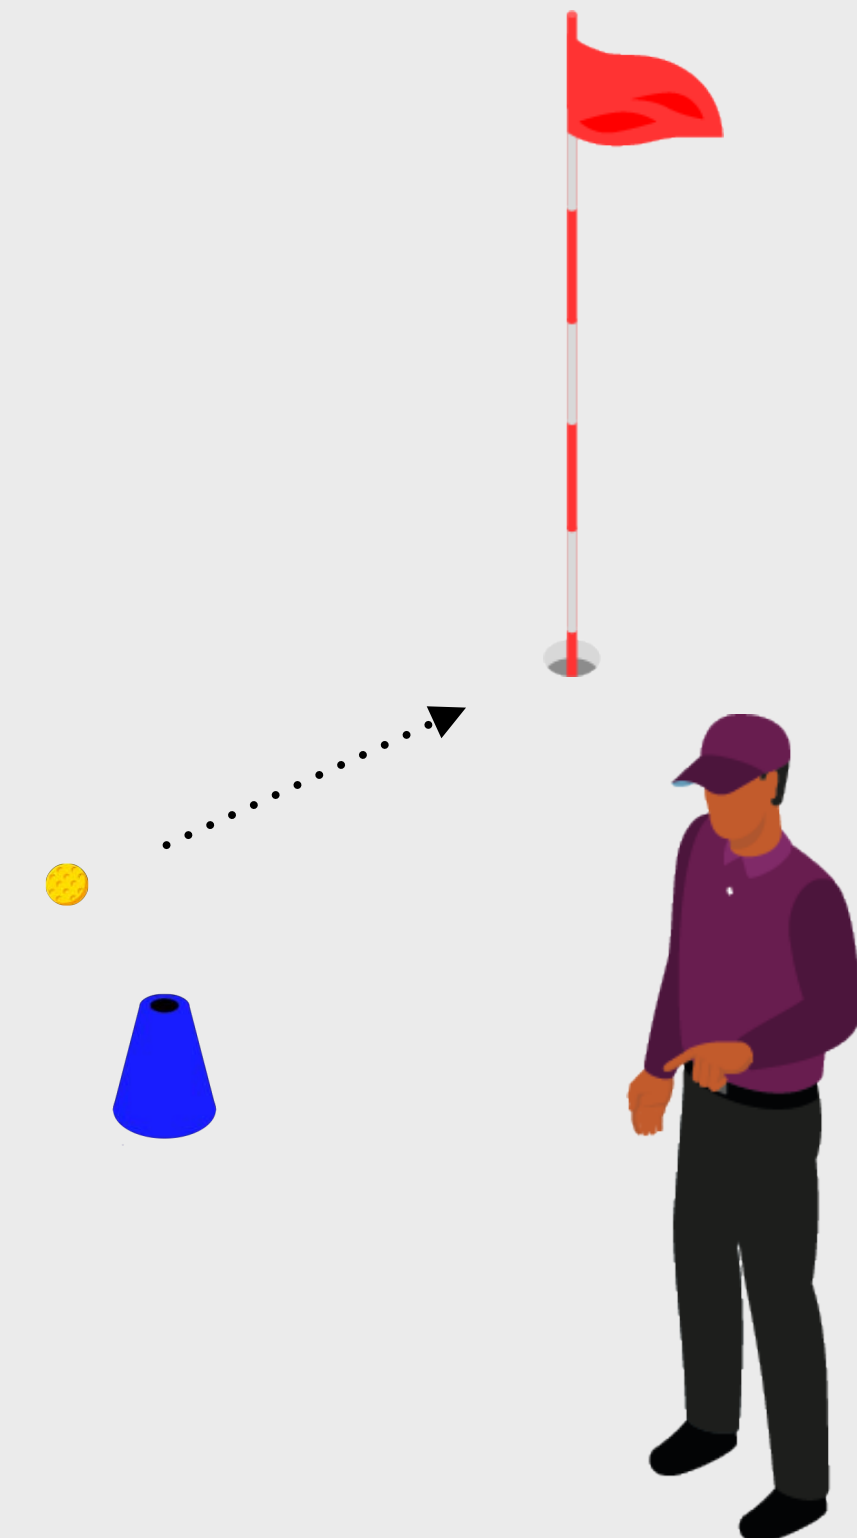

The pre shot routine shouldn't be over complicated for a learner, and should include just one or two practice swings. Suggested content would include; thinking about the shot, choosing the appropriate club, rehearsing the shot, aiming and executing the shot.

Secondary Skill

To allow for variety of practice during the session, and to enable those that may have missed a class to catch up on practicing some of the other skills we recommend having one of the stations set up as a secondary skill.

This week's secondary skill is **putting**, providing learners an opportunity to practice what has been taught in their putting classes.
