Swing Challenges Layout and Set Up

The graphic below provides an example of how each of the challenges connect together when laid out on your driving range:

Please find below a list of the equipment you require for these challenges:

-  12 x Alignment Sticks and Foam Noodles
-  Colored Cones

Face Contact

Equipment Needed

- Impact Tape

How to Play

- A learner starts by attempting to strike the ball using a club that has impact tape on the face
- After each shot they should check to see where the ball was struck on the face
- The learner should try to deliberately strike the ball using the toe of the club and the heel of the club to build awareness of what it feels like when the ball is struck using different parts of the club face

Progression Ideas

- Challenge the learner to strike a particular part of the club face deliberately
- Draw on the face tape to indicate a smaller target that the learner has to try to hit

Army Golf

Equipment Needed

- Alignment sticks and noodles to create the target gates
- A single cone to represent the starting position

How to Play

- The aim of the game is to see how many consecutive shots the learner can hit through the correct gap
- The learners should alternate their aim between the gap on the left and the gap on the right
- If a learner misses this is the end of their turn and they have to try to beat their personal best score when it is their turn again

Progression Ideas

- Vary the size of the gap between the posts
- Vary the distance between the starting point and the posts

Learning the Game

This is an elaboration of the content covered in the Themed Class this week. Be clear that you are covering this so that anyone who missed the themed class is able to receive the content.

Add to the content delivered in the themed class and provide further information on the following areas:

Raking the Bunker

Explain to the learner about the importance of raking a bunker. Outline to the learner about penalty shots in a hazard, specifically explain the rules in relation to bunkers.

The Whole Golfer

This is an elaboration of the content covered in the Themed Class this week. Be clear that you are covering this so that anyone who missed the themed class is able to receive the content.

Add to the content delivered in the themed class and provide further information on the following areas:

Growth mindset - you don't need to know it all straight away!

Outline to the learner about the complex nature of golf. Explain how golf is a sport requiring multiple skill sets and are developed over a long time period.

Explain how this program will introduce different elements at the appropriate time, and that the learners will improve, as so long as they continue to practice.

Secondary Skill

To allow for variety of practice during the session, and to enable those that may have missed a class to catch up on practicing some of the other skills we recommend having one of the stations set up as a secondary skill.

This week's secondary skill is **chipping**, providing learners an opportunity to practice what was learnt in the around the green class.
