# **Around the Green Challenges**

The graphic below provides an example of how each of the challenges connect together when laid out around your short game area:

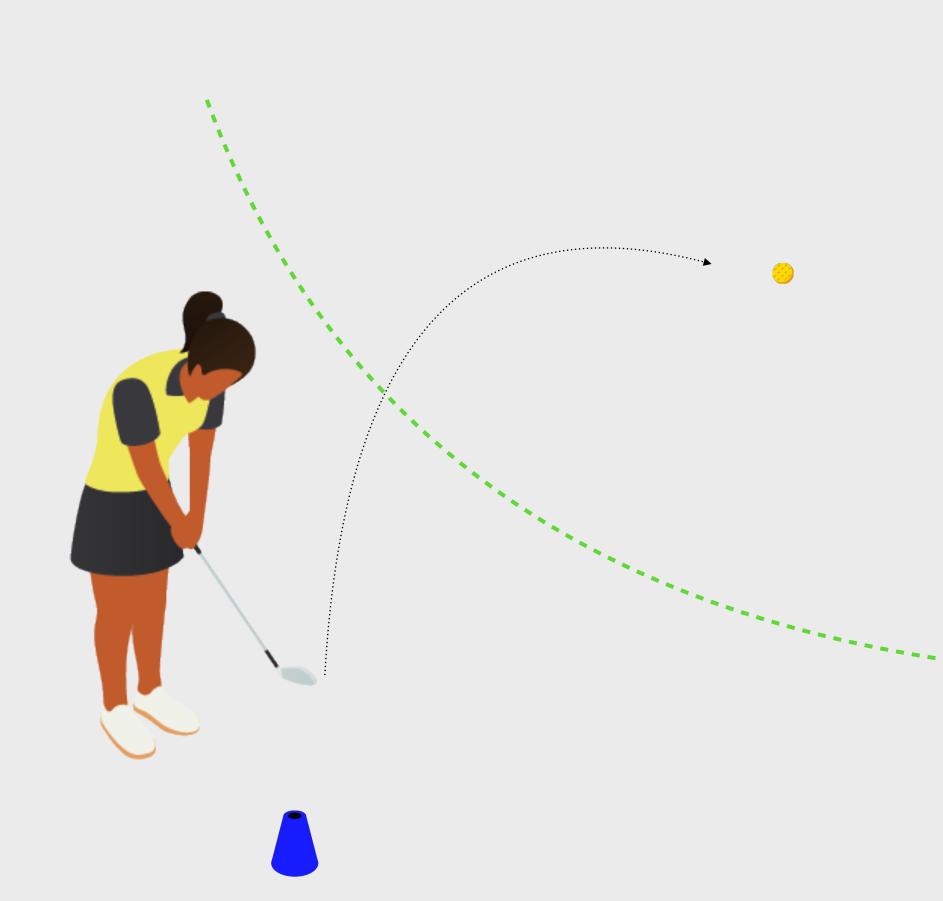

# Birdie, Par, Bogey

#### **How to Practice**

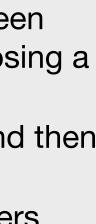

- Once the terms Birdie, Par and Bogey have been explained learners should take it in turns choosing a hole to play around the chipping green
- The learners should assign the hole a "Par" and then play the hole as if it was on the golf course
- Once they have completed the hole, the learners should be able to tell you whether they scored a birdie, par, bogey or another score in relation to the par they gave the hole
- Do not worry about keeping score at this point, although some learners may be motivated to do this

#### **Technical Link**

• This activity will help the learner to understand the golfing terms and to enjoy referencing them in their practice

### **Game Cards**

## Ladder Challenge

#### **Equipment Needed**

• 5 alignment sticks

### How to Play

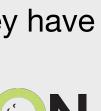

- Nominate a player to play first. Each learner has 10 shots per round
- The first player attempts to chip their ball into the gap between the first and second alignment stick
- If successful, then on their next go they should aim for the gap between the second and third alignment sticks
- If they miss the gap they have to aim for the same gap until they are successful
- The aim is to chip the ball into each gap on the ladder before they run out of golf balls
- The player that wins is the one that is furthest along the ladder after both players have hit 10 shots

### **Progression Ideas**

- Vary the distance from the first alignment stick
- Vary the gap between alignment sticks
- Add in more alignment sticks to create a longer ladder
- Add in a rule that if the player misses a gap they have to move back one

# Learning the Game

This is an elaboration of the content covered in the Themed Class this week. Be clear that you are covering this so that anyone who missed the themed class is able to receive the content.

Add to the content delivered in the themed class and provide further information on the following areas:

# **Birdie, Par and Bogey**

Explain what is meant by each of these terms. Introduce a basic par for chipping and putting around the green so learners can practice using these terms.

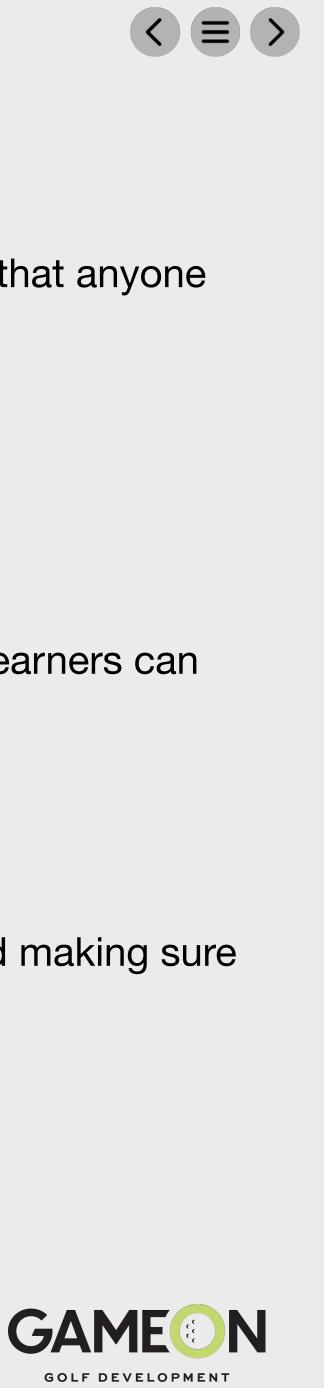

# **Etiquette on the Green - the line of the putt**

Introduce the concept of learning the line of the putt. Learners should practice working out the line of each putt and making sure they don't tread on that line.

### **Themed Class Plans**

# The Whole Golfer

This is an elaboration of the content covered in the Themed Class this week. Be clear that you are covering this so that anyone who missed the themed class is able to receive the content.

Add to the content delivered in the themed class and provide further information on the following areas:

# **Practicing and Playing With Others**

Encourage participants to partner up when completing the games and challenges within the class and also outside of the class.

By actively encouraging learners to meet up outside of the lessons you will be forging stronger social connections within the group.

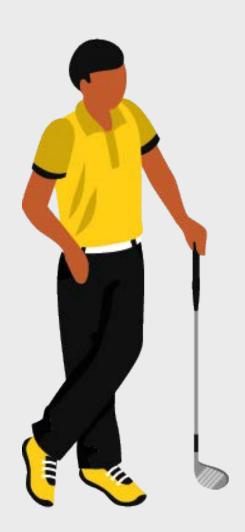

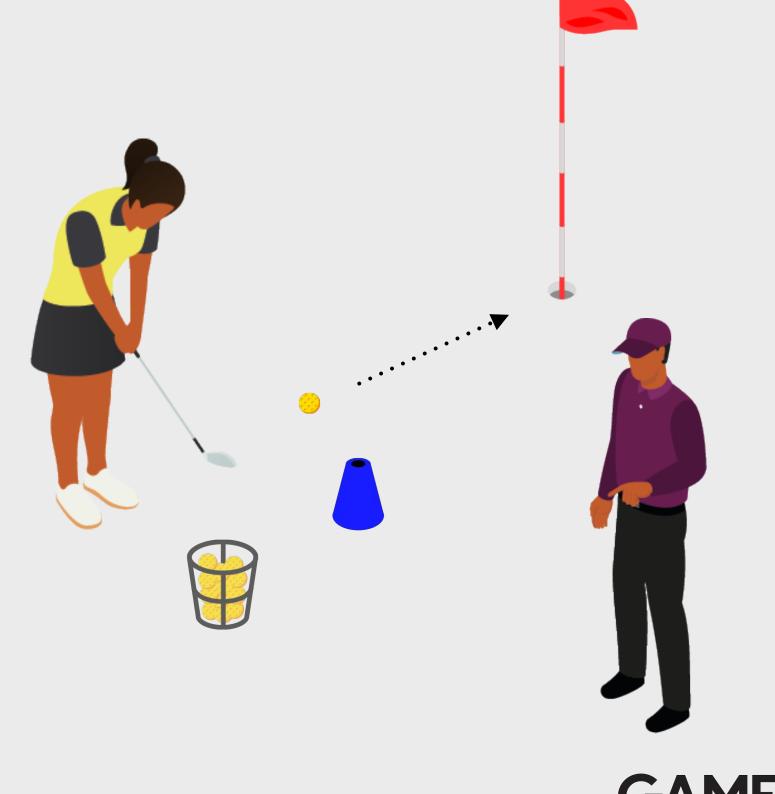

# Secondary Skill

To allow for variety of practice during the session, and to enable those that may have missed a class to catch up on practicing some of the other skills we recommend having one of the stations set up as a secondary skill.

This week's secondary skill is putting, providing learners an opportunity to practice what was learnt in their putting classes, and the learning the game content this week
