Layout and Setup

Class Layout and Setup

The graphic opposite provides an example image of how we suggest you layout your class so that the learning outcomes and activities can be delivered in a safe, fun and engaging manner. We suggest running the class as follows:

- Station 1 is the **Challenge Station**. This is where the child, under the supervision of the coach, can attempt the Mastering the Game Challenge to achieve their Achiever Sticker, virtual reward on GLF. Connect and work towards their pins and hats
- Stations 2 and 3 are **Game Stations**. At these stations the children play in pairs or play the games independently with occasional supervision from the coach
- Station 4 is the **Free Practice Station**. It is at this station the child can develop their fundamentals under guidance from the coach, away from any form of game or competitive play. Those in the Practice Station rotate with their partner in the Challenge Station. You may decide the layout a technical drill if appropriate for the child
- Children should play in pairs, with stations 1 and 2 being a pair, another pair at station 3 and the last pair at station 4
- Children should rotate around the stations, with each pair spending approximately **8 minutes** to spend at each station. Each child should get an opportunity at each station during the class
- Safety is your top priority when running your class, please remember to;
 - Add your orange safety cones behind each station to identify to the juniors where they are required to stand when not hitting from the hitting station
 - Dividers should be used to identify the hitting stations
 - Baskets should be placed to the side of the golfers and behind the hitting area
 - Juniors should never go in front of the hitting stations to collect a golf ball or golf club
 - Juniors should always exit the hitting stations from the rear by crossing the orange safety cones

Fairway Woods Challenge Setup

Equipment Needed

- Orange safety cones for a safety line
- Marker cones to represent the tee markers at the challenge station
- Coloured cones to mark out the carry lines for the level 2 and 3 challenges
- Alignment Sticks with a foam noodle on top to mark out the target gates

Setting out the Challenge

- Use cones to mark out the carry distance lines for the level 2 and 3 challenges
- Alignment sticks with foam noodles should be used to measure the gates for the level 4-6 challenges at the target distances and widths
- Set out all the markers to enable every child to attempt their challenges in the class

Physical Literacy Warm Up Game

Rock, Paper, Scissors

How to Play

- Split the children into two even teams
- Mark out 10 hoops, approximately 1 yard apart in a line or in a curve
- Half the group starts at one end, the other half starts at the other
- The first child from each side bunny hops along the hoops until they meet in the middle
- They play Rock, Paper, Scissors when they meet. The winner continues along the line, the loser runs to the back of their group, and the next player on that team bunny hops to meet their opponent
- This continues until one of the groups gets to the other side of the line of cones or the coach calls time on the game. If the coach calls time, the team that is closest to the oppositions' end wins

Progression Ideas

- Explore FMS during the game
- Change the distance between the hoops

Fundamental Movement Skills (FMS)

During your Warm Up Game, explore a range of Fundamental Movement Skills (FMS). The children should be encouraged to experiment and develop these movements and you can tailor the difficulty of the specific movement to each child or warm up game.

Kick

Explore this skill using both feet, different parts of the foot and kicking in the air and on the ground

Throw

Explore this skill using both arms, underarm and overarm throws as well as at a range of heights

Skip

Explore this skill using a rope and in dynamic motion at a range of speeds

Run

Explore this skill at a range of speeds, and going backwards

Hop

Explore this skill by alternating legs on the spot and in dynamic motion

Side-step

Explore this skill by alternating sides, touching heels and crossing legs

Dodge

Explore this skill by getting the child to dodge static and dynamic obstacles at a range of heights

Jump

Explore this skill by exploring the movement in multiple directions

Stand on one leg

Explore this skill by exploring balancing on both legs

Crawl

Explore this skill by exploring using different segments of the body

The Whole Child

Personal

Hard work

The Whole Child theme this week is to encourage hard work and an understanding that no matter how good you get you have to work hard to achieve great things.

Carry this theme into the class by explaining to them how practice is key to improving, but practice is hard work and to be the best they will have to put in the the work.

It should be highlighted that the Achiever Award is presented to the child that works hard without being prompted.

Taking the time to highlight this to the parents and children at the end of the lesson will reinforce the characteristics that embody the Crush It program.

An Achievement Sticker can be added to the myAcademy Folder if applicable to your program.

Reinforcing positive behaviours

There are lots of ways to reinforce the positive behaviours we want to see in your junior golfers.

Non-verbal reinforcement:

- Thumbs up
- Nod of your head
- A smile

Personal verbal reinforcement:

- “Love that attitude”
- “That’s the attitude we’re looking for”
- “Great effort, keep it up”

Group reinforcement:

- Stop the class, get everyone together, and highlight the behaviour you observed, and why you liked it
- Awarding the Achiever reward at the end of the lesson is a great opportunity to reinforce positive behaviours
- Be sure to pinpoint two or three moments in the lesson that stood out to you and praise the children involved

Learning the Game Focus

Rules and Etiquette

Practicing safely

The Learning the Game focus this week is about understanding where to practice safely, in particular with short game shots.

You should highlight to your juniors best practice of knowing where to stand when practicing around the green. Not to aim directly across the green where someone else is in line just in case of a poor shot.

Use the lesson to practice playing safely, give the children responsibility to choose where to start from in order to play safely.

Carry this theme throughout the class and reward any behaviours with an achievement sticker.

Questions to Ask

- What do we need to be aware of when playing shots around the green?
- Who can demonstrate a good place to stand when someone else is practicing across the green?
- Are there any rules about practicing on the golf course?

Mastering the Game Cards

Tug of War

How to Play

- Child number 1 starts and attempts to hit their shot to the target
- Then the next child attempts their shot. The player who hits it nearest to the target moves the cone one place to their side
- The winner is the one who gets the centre white cone to their end cone

Progression Ideas

- Vary the target on each shot
- Vary the distance between the tee box and the green
- Add hazards for penalty cones
- Add different targets to increase the number of moves across the cones

Equipment needed

2 x Orange Safety Cones

SAFETY

2 x Cones

1 x White Cone

Golf Balls

Power Play

How to Play

- Children take it in turns to do a standing long jump from the first set of cones, seeing if they can jump past the next two sets of cones
- After jumping as far as possible they then try to hit the ball as far as possible
- The children take it in turns to do this, each time trying to beat their personal best long jump, and furthest shot

Progression Ideas

- Vary the movement before each shot, furthest hop, throw, etc.
- Add different targets to aim for when hitting
- Use different clubs to see which ones go the furthest

Learning Outcomes

- Improve strength and power
- Learn how improving different movement skills can improve their golf shots

Fairway Wood Challenge

The Challenge

To complete the Level 1 Challenge within the Fairway Woods element, the child needs to demonstrate the ability to hit 2 out of 5 shots in the air.

To complete the challenge, the child doesn't need to demonstrate control over direction or distance. This challenge can be attempted off a tee.

What to do next?

If the child completes the challenge, they can colour in the specific level of correct category for *myGame* Wheel in their junior folder. They can also add a Sticker to the correct level tracker sheet.

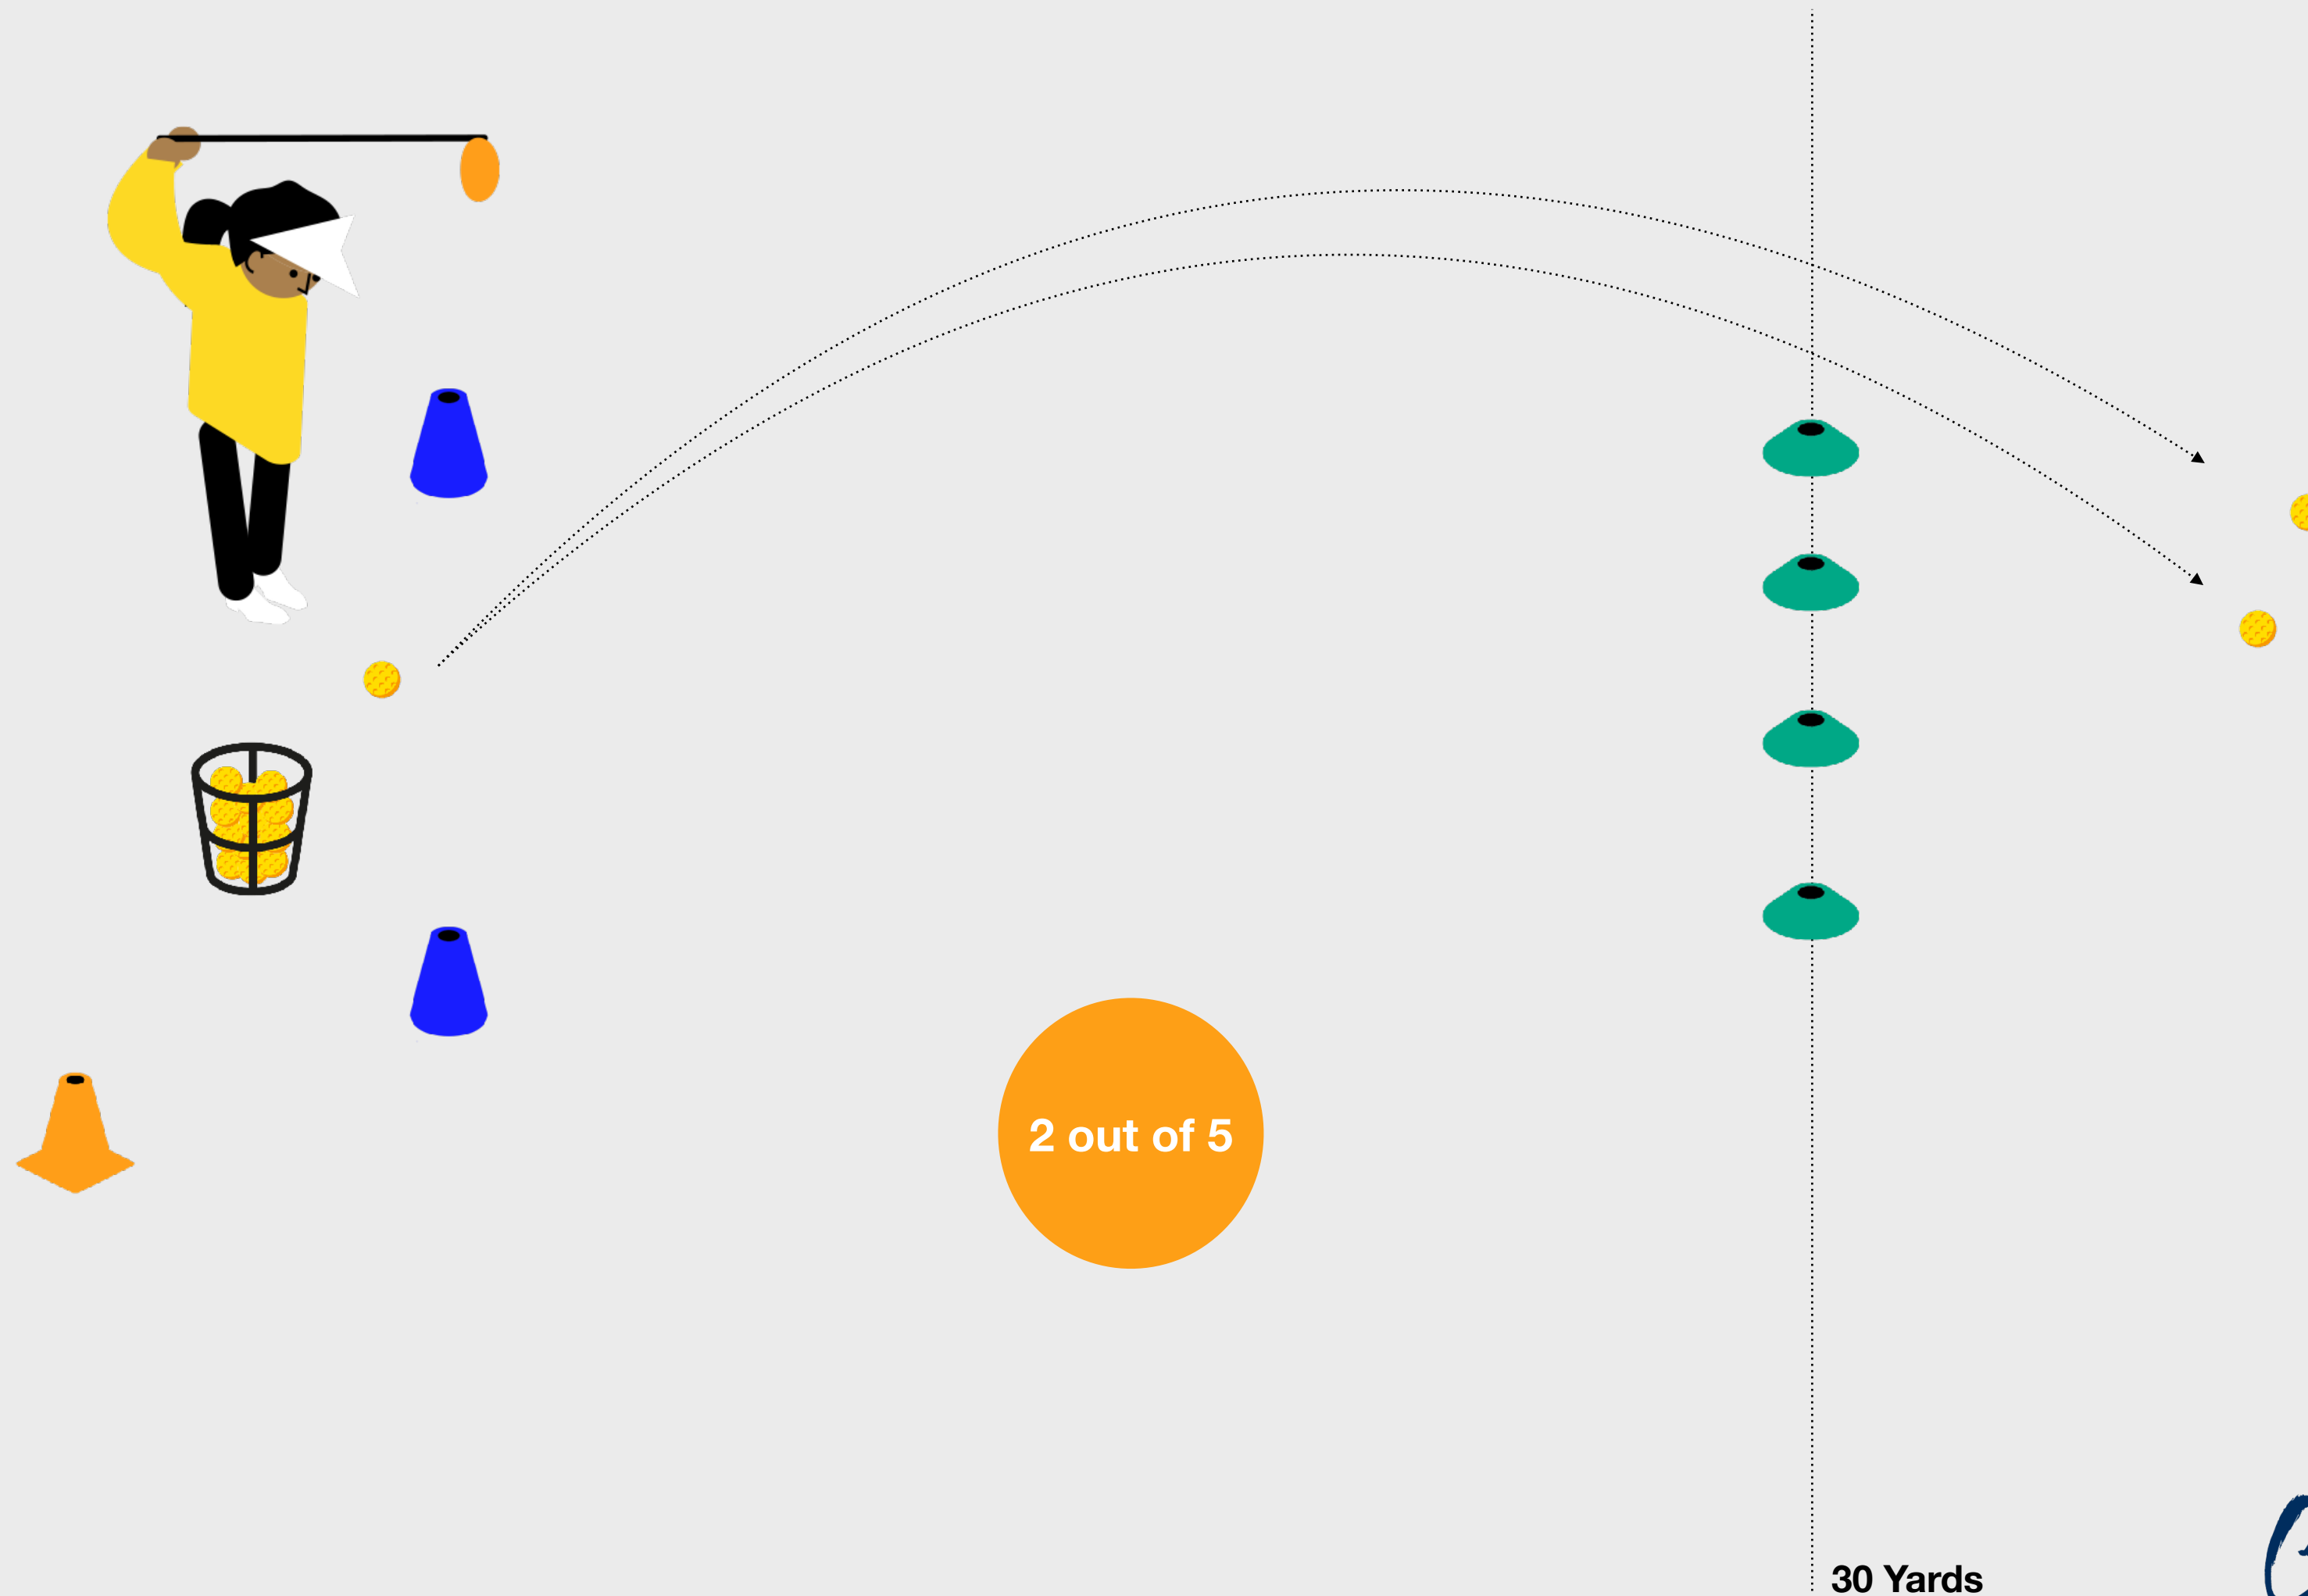

If they are also assigned to the Crush It *myGame+* program on GLF. Connect the challenge can be marked as complete and the virtual rewards will be issued automatically.
