Layout and Setup

Class Layout and Setup

The graphic opposite provides an example image of how we suggest you layout your class so that the learning outcomes and activities can be delivered in a safe, fun and engaging manner. We suggest running the class as follows:

- Stations 1, 2 and 3 are **Game Stations**. At these stations the children play in pairs or play the games independently with occasional supervision from the coach
- Station 4 is the **Free Practice Station**. It is at this station the child can develop their fundamentals under guidance from the coach, away from any form of game or competitive play. You may decide the lay out a technical drill if appropriate for the child
- Children should play in pairs, with stations 1 and 2 being a pair, another pair at station 3 and the last pair at station 4
- Children should rotate around the stations, with each pair spending approximately **8 minutes** to spend at each station. Each child should get an opportunity at each station during the class
- Safety is your top priority when running your class, please remember to;
 - Add your orange safety cones behind each station to identify to the juniors where they are required to stand when not hitting from the hitting station
 - Dividers should be used to identify the hitting stations
 - Baskets should be placed to the side of the golfers and behind the hitting area
 - Juniors should never go in front of the hitting stations to collect a golf ball or golf club
 - Juniors should always exit the hitting stations from the rear by crossing the orange safety cones

Physical Literacy Warm Up Game

High Fives

How to Play

- This game is played in pairs
- The children start behind their team's safety cone
- On go, the children run, hop or skip across to behind their JGA cone
- The children then get into a press up position and have to high five each other, 10 times, using alternating hands
- After the team has completed their high fives they have to run, hop or skip back behind their safety cone
- The first team back behind their cone is the winner

Progression Ideas

- If holding a press up position is too difficult then children can play on their hands and knees, however one of their hands has to stay on the floor whilst they complete the high fives
- Introduce different FMS to move between the safety cone and JGA cone

Equipment Needed

Orange Safety Cones

3 x JGA cones

Fundamental Movement Skills (FMS)

During your Warm Up Game, explore a range of Fundamental Movement Skills (FMS). The children should be encouraged to experiment and develop these movements and you can tailor the difficulty of the specific movement to each child or warm up game.

Kick

Explore this skill using both feet, different parts of the foot and kicking in the air and on the ground

Throw

Explore this skill using both arms, underarm and overarm throws as well as at a range of heights

Skip

Explore this skill using a rope and in dynamic motion at a range of speeds

Run

Explore this skill at a range of speeds, and going backwards

Hop

Explore this skill by alternating legs on the spot and in dynamic motion

Side-step

Explore this skill by alternating sides, touching heels and crossing legs

Dodge

Explore this skill by getting the child to dodge static and dynamic obstacles at a range of heights

Jump

Explore this skill by exploring the movement in multiple directions

Stand on one leg

Explore this skill by exploring balancing on both legs

Crawl

Explore this skill by exploring using different segments of the body

The Whole Child

Social Cooperation

The Whole Child theme this week is to encourage cooperation, working together with each other, the coach and everyone at the club.

Carry this theme into the class by ensuring children attempt the games in their pairs and even join in with them yourself for a couple of shots. This will highlight togetherness to achieve a common goal.

It should be highlighted that the Achiever Award is presented to the child that the coach or group believe displayed the best cooperation in the lesson.

Taking the time to highlight this to the parents and children at the end of the lesson will reinforce the characteristics that embody the Crush It program.

An Achievement Sticker can be added to the myAcademy Folder if applicable to your program.

Reinforcing positive behaviours

There are lots of ways to reinforce the positive behaviours we want to see in your junior golfers.

Non-verbal reinforcement:

- Thumbs up
- Nod of your head
- A smile

Personal verbal reinforcement:

- “Love that attitude”
- “That’s the attitude we’re looking for”
- “Great effort, keep it up”

Group reinforcement:

- Stop the class, get everyone together, and highlight the behaviour you observed, and why you liked it
- Awarding the Achiever reward at the end of the lesson is a great opportunity to reinforce positive behaviours
- Be sure to pinpoint two or three moments in the lesson that stood out to you and praise the children involved

Learning the Game Focus

Rules and Etiquette

What is a penalty area?

The Learning the Game focus this week is about learning the rules if your ball ends up in a penalty area.

You should make sure the children understand what a penalty area is, how to recognise it, and how to take appropriate relief.

Demonstrate how to take a drop properly and make sure the children understand how to drop the ball in the appropriate place.

Carry this theme throughout the class and reward any behaviours with an achievement sticker.

Questions to Ask

- How do we recognise a penalty area?
- What are the rules for when your ball lands in a penalty area?
- How do you take a drop from a penalty area?

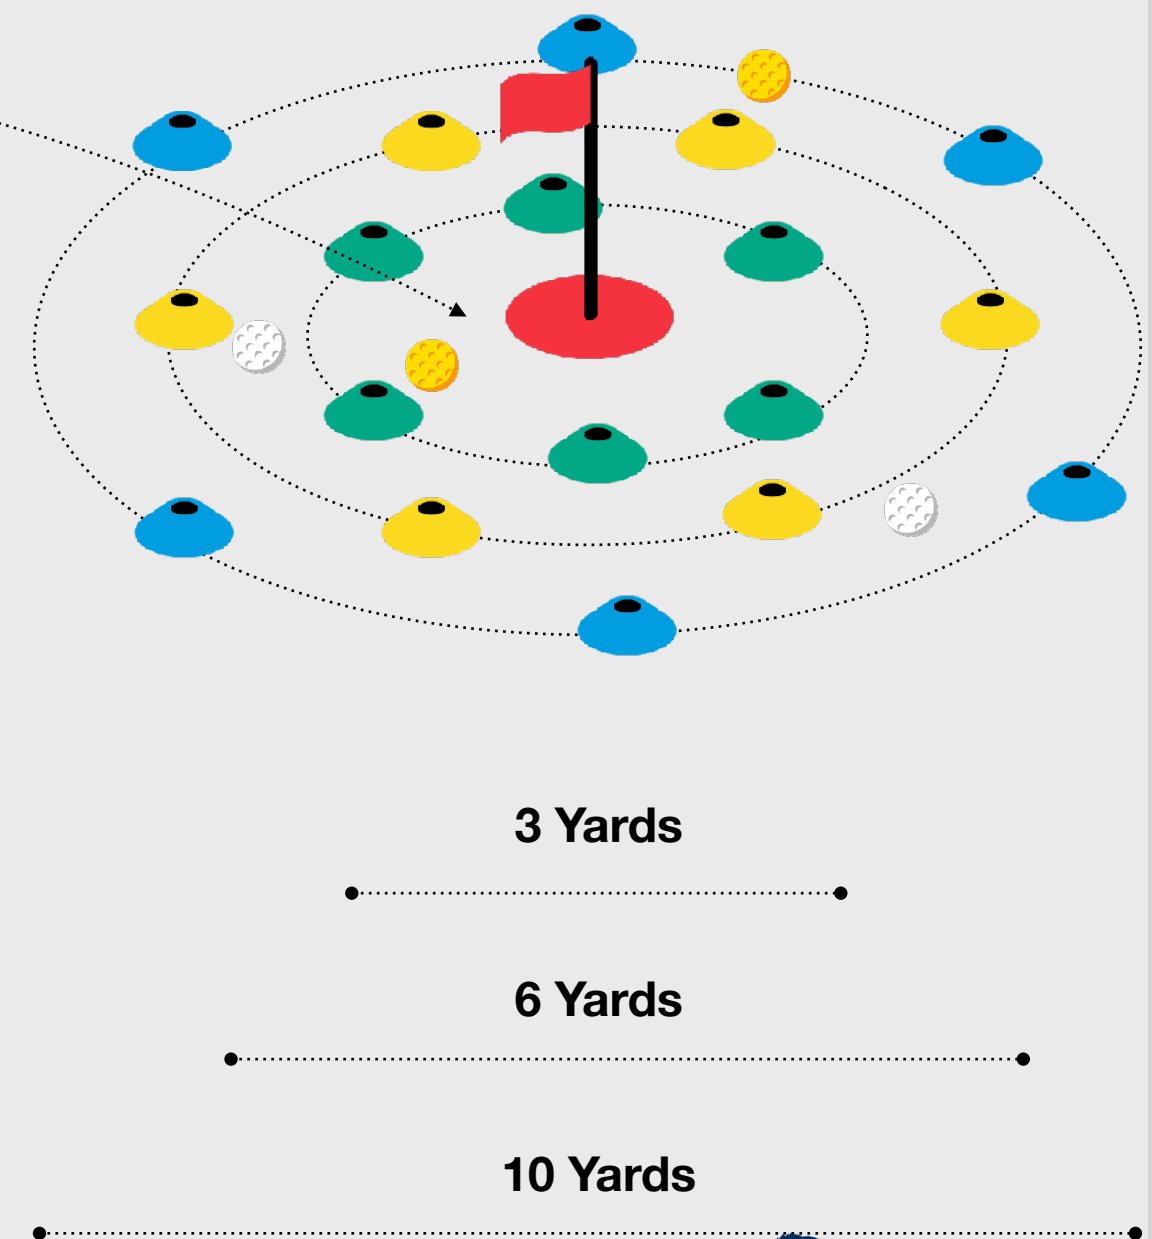

Mastering the Game Cards

Curling

How to Play

- Nominate a player to play first. Each child is given 3 golf balls of different colors
- The first player attempts their first shot and aims to get their ball as close to the flag as possible
- Players alternate turns until all of the golf balls have been used
- The 3 golf balls nearest to the hole score a point each. Only 3 points can be scored in any round of the game
- Players then attempt the next round and the game continues until one player reaches 11 or 21 points

Progression Ideas

- Vary the starting point from around the green
- Vary the club that is being used
- Vary the lie of the ball on the ground
- Change the size of the target circles
- Change the distance between the starting position and the target circles

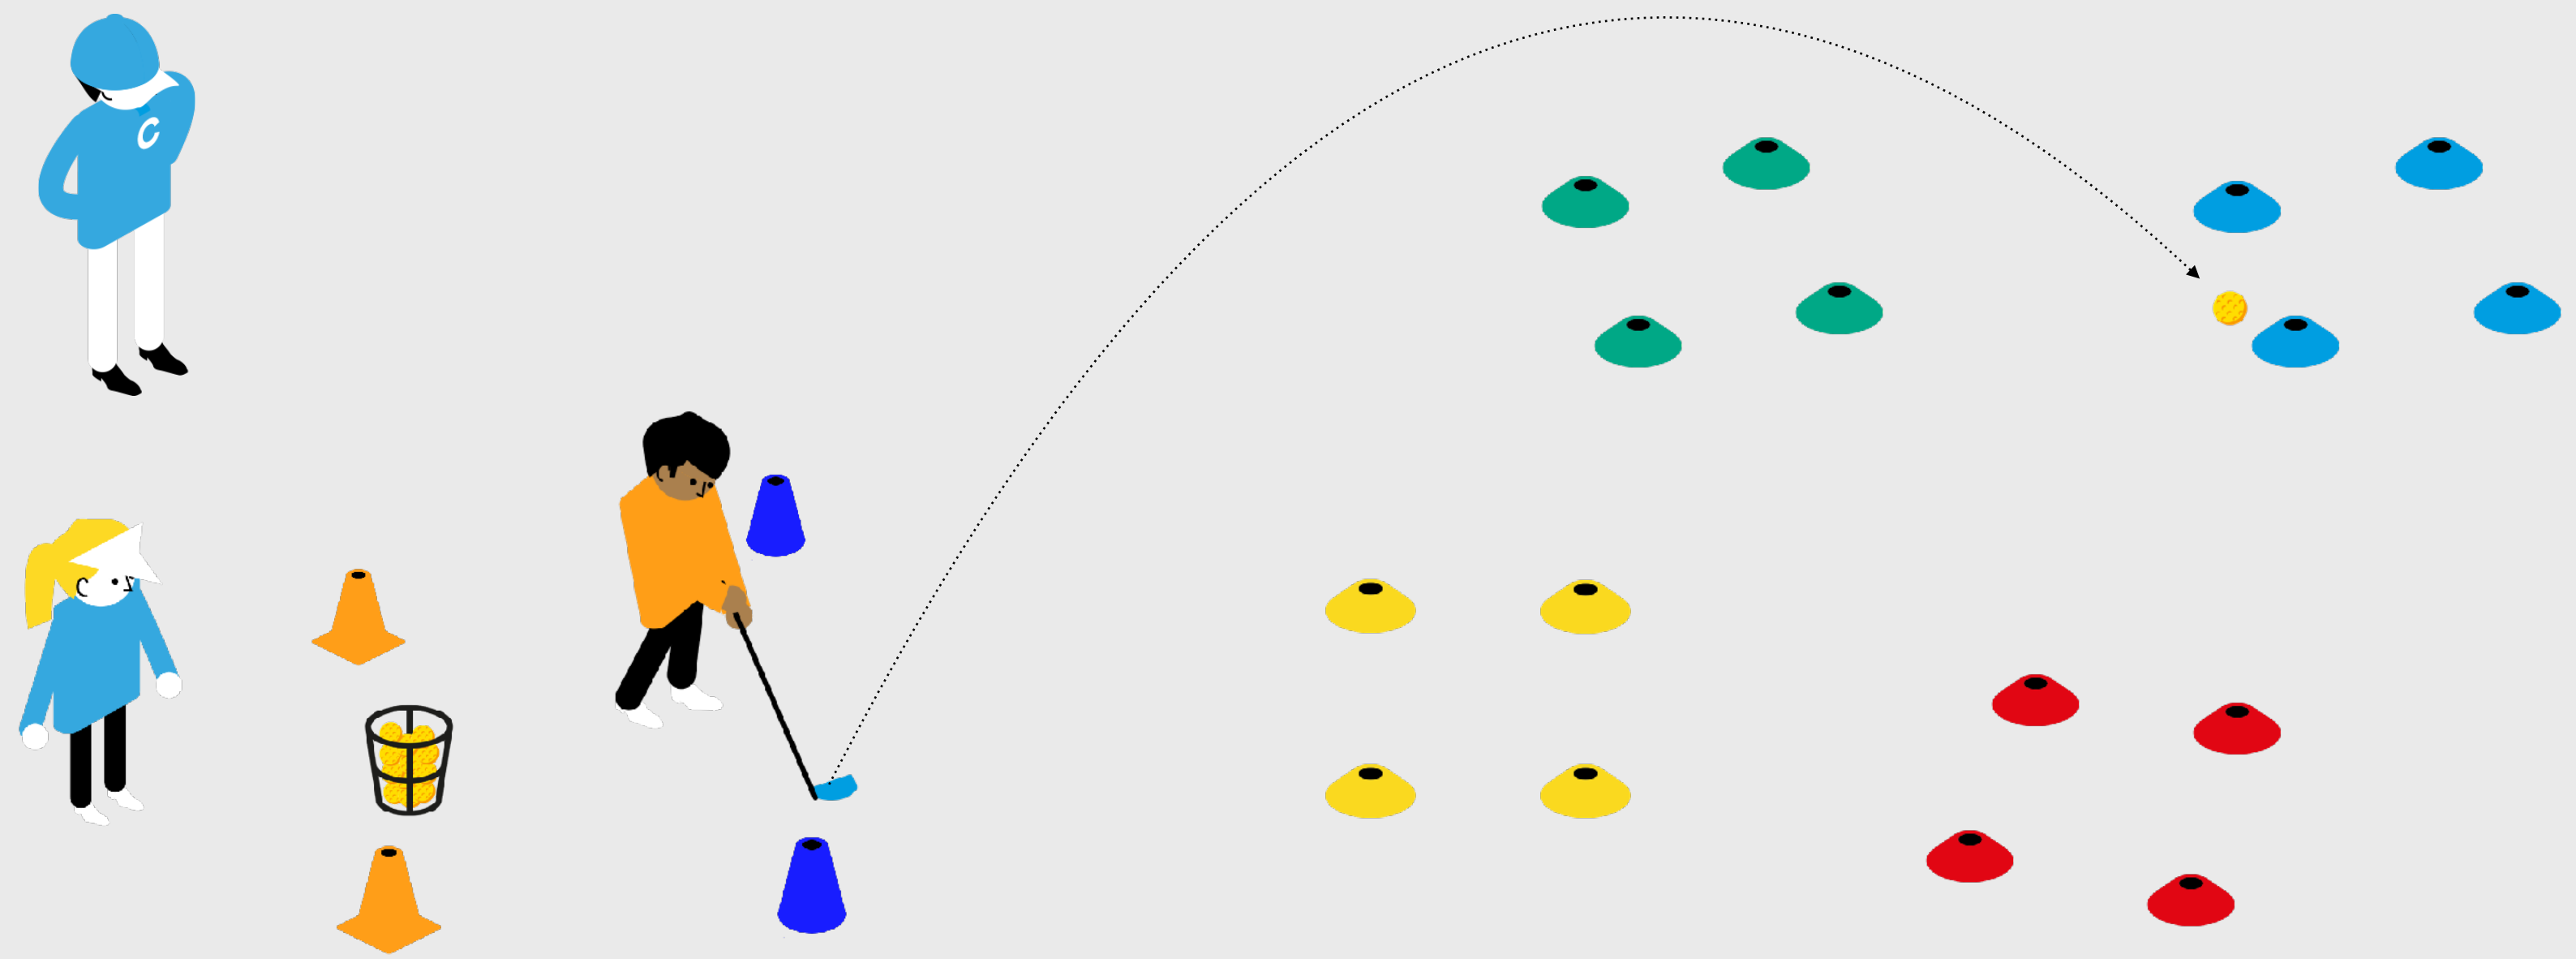

Equipment needed

Orange Safety Cones	
Cones to mark out the necessary hitting station	
Spare equipment that may be required for the group attendees.	
3 x Yellow Golf Balls	
3 x White Golf Balls	
10 x Yellow Colored Cones for Middle 6 Yard Target Circle	
10 x Blue Colored Cones for Outer 10 Yard Target Circle	
8 x Green Colored Cones for Inner 3 Yard Target Circle	

Luck of the Draw

How to Play

- Players take it in turns to pick a colored card from a Crush It cone
- Whichever color is picked the player must try to hit the ball into that colored square
- If the player successfully hits their shot into the designated square they score a point
- The team have to try to accumulate as many points as possible before switching games

Progression Ideas

- Move the squares further away
- Make the size of the squares smaller or bigger
- Instead of the squares use the gates as targets

Equipment needed

2 x Orange Safety Cones

2 x Cones

1 x printed "Luck of the Draw" sheet

4 x Yellow Cones

4 x Red Cones

4 x Green Cones

4 x Blue Cones

Golf Balls

Matchplay Chip

How to Play

- Nominate a player to go first, they try to hit their shot into the target circle
- The next player then takes their shot. If neither player hits their shot into the circle they lose the round and go 1 DOWN
- If both players manage to hit the ball into the inner target circle they win that round and the team scores 1UP
- If only one player chips the ball into the target circle the game remains ALL SQUARE
- The game is played over 9 or 18 attempts, scoring in a matchplay format

Progression Ideas

- Vary the starting point from around the green
- Vary the club that is being used
- Vary the lie of the ball on the ground
- Change the size of the target circles
- Change the distance between the starting position and the target circles
