# Layout and Setup

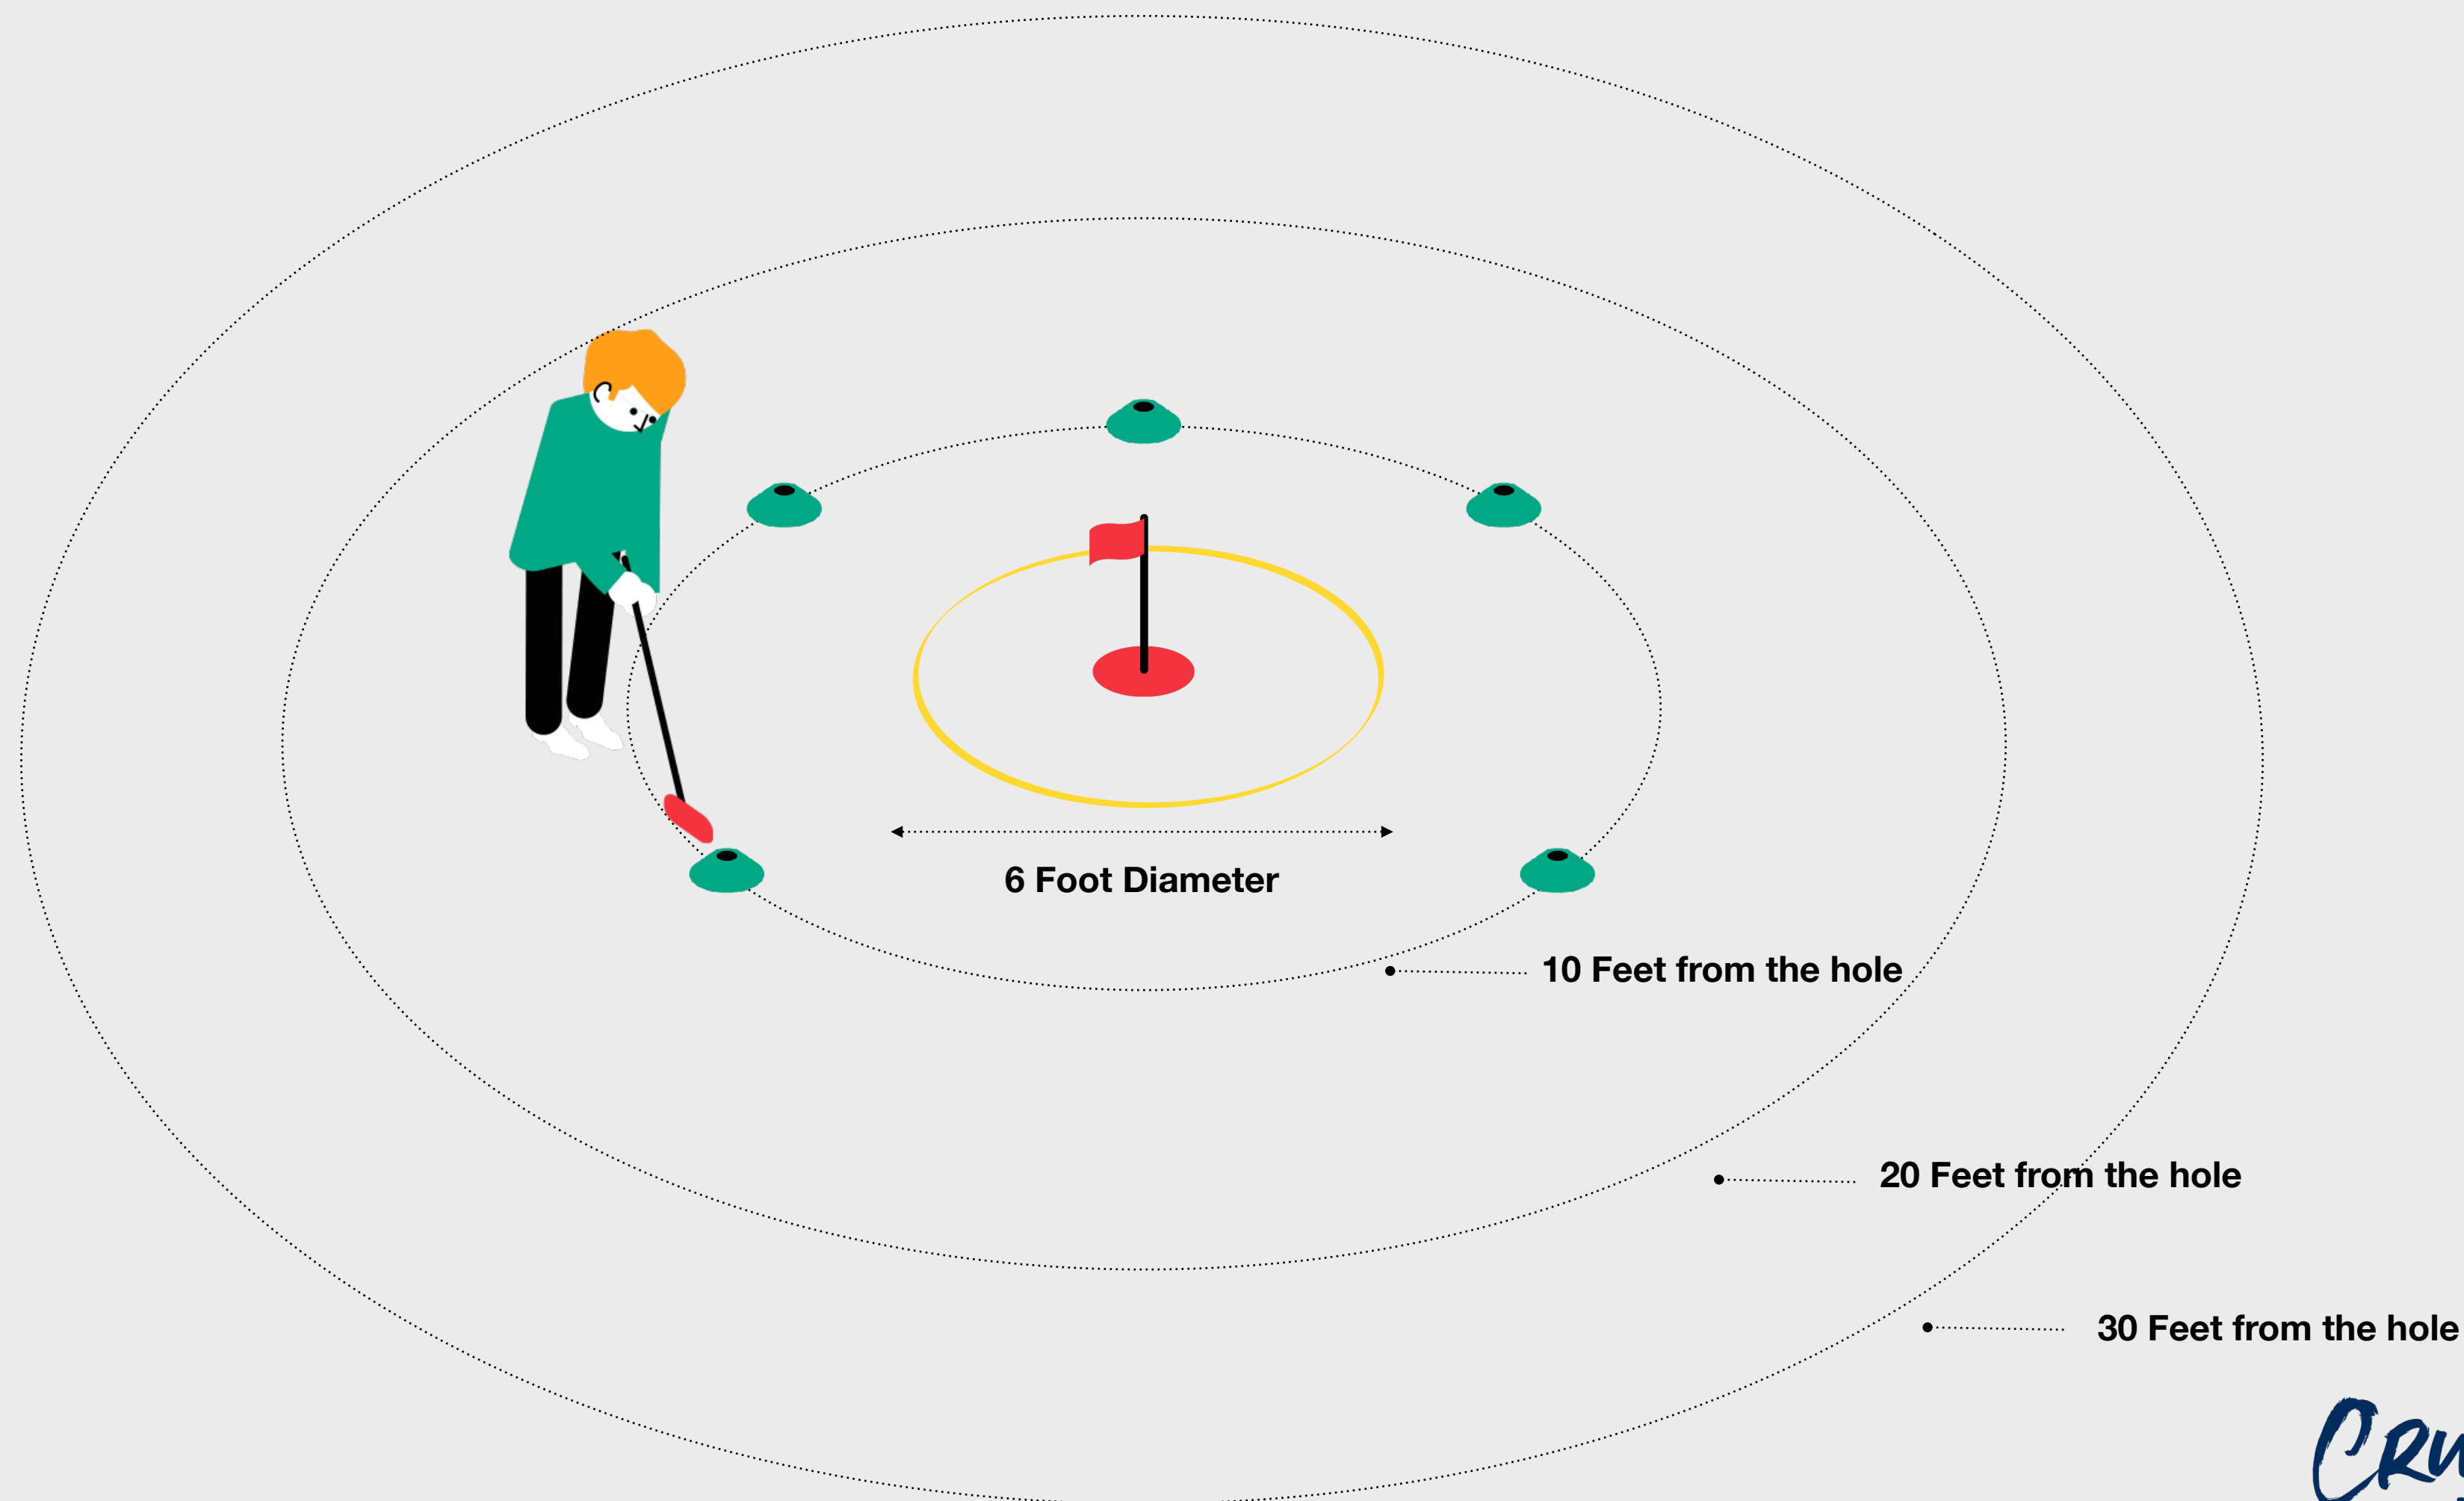

# Class Layout and Setup

The graphic opposite provides an example image of how we suggest you layout your class so that the learning outcomes and activities can be delivered in a safe, fun and engaging manner. We suggest running the class as follows:

- Station 1 is the **Challenge Station**. This is where the child, under the supervision of the coach, can attempt the Mastering the Game Challenge to achieve their Achiever Sticker, virtual reward on GLF. Connect and work towards their pins and hats
- Stations 2 and 3 are **Game Stations**. At these stations the children play in pairs or play the games independently with occasional supervision from the coach
- Station 4 is the **Free Practice Station**. It is at this station the child can develop their fundamentals under guidance from the coach, away from any form of game or competitive play. Those in the Practice Station rotate with their partner in the Challenge Station. You may decide the layout a technical drill if appropriate for the child
- Children should play in pairs, with stations 1 and 2 being a pair, another pair at station 3 and the last pair at station 4
- Children should rotate around the stations, with each pair spending approximately **8 minutes** to spend at each station. Each child should get an opportunity at each station during the class
- Safety is your top priority when running your class, please remember to;
  - Add your orange safety cones behind each station to identify to the juniors where they are required to stand when not hitting from the hitting station
  - Dividers should be used to identify the hitting stations
  - Baskets should be placed to the side of the golfers and behind the hitting area
  - Juniors should never go in front of the hitting stations to collect a golf ball or golf club
  - Juniors should always exit the hitting stations from the rear by crossing the orange safety cones

# Long Putts Challenge Setup

## Setting out the Challenge

- A hole should be selected on the putting green on an average sloped surface
- A 6 foot diameter circle should be made around the hole using the target circle from your equipment bag
- 5 Positions should be marked on the green at 10 feet from the hole
- The 5 distances at 20 feet and 30 feet should be placed by the player using the 10-foot markers as a guide when attempting the challenge

## Equipment Required

- 1 hole on the green
- 5 x tee pegs to mark the 5 starting positions at 10 feet
- 6 foot diameter target ring

# Physical Literacy Warm Up Game

# Cone Collector

## How to Play

- Split the children into pairs, and line them up behind their safety cones
- When the coach shouts GO! The children run out and pick up the foam noodles
- One child must hold one end of the noodles and their partner must hold the other end
- The pair then have to work together to pick up the JGA cone without touching it with their hands
- The winning pair are the ones that can carry the JGA cone back to their safety cone

## Progression Ideas

- Add in obstacles
- Introduce a time penalty for dropping the cone
- Introduce other objects to pick up using the noodles

## Equipment Needed

3 x Orange safety cones

3 x JGA cones

6 x Foam noodles

# Fundamental Movement Skills (FMS)

During your Warm Up Game, explore a range of Fundamental Movement Skills (FMS). The children should be encouraged to experiment and develop these movements and you can tailor the difficulty of the specific movement to each child or warm up game.

## Kick

Explore this skill using both feet, different parts of the foot and kicking in the air and on the ground

## Throw

Explore this skill using both arms, underarm and overarm throws as well as at a range of heights

## Skip

Explore this skill using a rope and in dynamic motion at a range of speeds

## Run

Explore this skill at a range of speeds, and going backwards

## Hop

Explore this skill by alternating legs on the spot and in dynamic motion

## Side-step

Explore this skill by alternating sides, touching heels and crossing legs

## Dodge

Explore this skill by getting the child to dodge static and dynamic obstacles at a range of heights

## Jump

Explore this skill by exploring the movement in multiple directions

## Stand on one leg

Explore this skill by exploring balancing on both legs

## Crawl

Explore this skill by exploring using different segments of the body

# The Whole Child

# Cognitive

## Attitude towards learning

The Whole Child theme this week is to develop a great attitude towards learning.

Carry this theme into the class by hosting a mini quiz on some of the content and topics that have been shared over the previous classes.

It should be highlighted that the Achiever Award is presented to the child that displays a great attitude towards learning during the lesson.

Taking the time to highlight this to the parents and children at the end of the lesson will reinforce the characteristics that embody the Crush It program.

An Achievement Sticker can be added to the myAcademy Folder if applicable to your program.

### Reinforcing positive behaviours

There are lots of ways to reinforce the positive behaviours we want to see in your junior golfers.

Non-verbal reinforcement:

- Thumbs up
- Nod of your head
- A smile

Personal verbal reinforcement:

- “Love that attitude”
- “That’s the attitude we’re looking for”
- “Great effort, keep it up”

Group reinforcement:

- Stop the class, get everyone together, and highlight the behaviour you observed, and why you liked it
- Awarding the Achiever reward at the end of the lesson is a great opportunity to reinforce positive behaviours
- Be sure to pinpoint two or three moments in the lesson that stood out to you and praise the children involved

# Learning the Game Focus

# Preparing to Play

## What Time do you Arrive?

The Learning the Game focus this week is about preparing to play, knowing when to arrive at the club, and when to be on the tee ready to play.

You should highlight to the children that you should arrive at the tee at least 5 minutes before it is your tee time.

Make sure you highlight the importance of getting to the golf club in plenty of time to warm up and prepare before having to arrive at the tee.

Carry this theme throughout the class and reward any behaviours with an achievement sticker.

### Questions to Ask

- When do you arrive at the tee?
- How long before your tee time should you arrive at the golf club?
- What do you need to do in the time between arriving at the golf club and teeing off?

# Mastering the Game Cards

# Single, Double, Triple - Putting

## How to Play

- Children take it in turns to choose which distance they want to start from
- If the player starts from the 10 foot line and they putt the ball inside the 6 foot circle they score 1 point, 2 points if they hole the putt
- If the player starts from the 20 foot line they score double points; 2 points inside the 6 foot circle, 4 points if they hole the putt
- If the player chooses to start from the 30 foot line they score triple points; 3 points if they putt the ball into the 6 foot circle, 6 points if they hole the putt
- The game continues until both players have hit 5 putts, one from each color cone.
- The winner is the player who has the most points after 5 shots

## Progression Ideas

- Change the distance between the cones
- Attempt the game on a sloped surface

## Learning Outcomes

- Distance control
- Strategic thinking
- Understand risk and reward

## Equipment needed

3 x Green cones

3 x Yellow cones

3 x Orange cones

3 x White cones

# Putting Partners

## How to Play

- In this game the players are working as a team. The aim is to keep their 3 golf balls in play for as long as possible
- Each player has to remain in their circle at all times
- The first player putts the balls towards their partner, who has to remain motionless in the circle
- Once the balls have come to rest the partner has to reach out and retrieve the balls without leaving the circle or touching the ground with their knees or elbows
- The second player is only allowed to putt back the balls they can reach
- The game ends when no balls are remaining

## Progression Ideas

- Change the distance between the hoops
- Don't allow players to use their putter when retrieving balls
- Introduce a sloped surface when playing the game
- Change the number of balls being used

## Learning Outcomes

- A great game to explore the concept of distance control and direction control
- Also a great game to promote team work

## Equipment needed

# Long Putts Challenge

## The Challenge

To complete the Level 1 Challenge within the Long Putts skill element, the child has 5 attempts to putt 1 ball to within a 6 foot diameter circle around the hole from a single position 10 feet from the hole.

## What to do next?

If the child completes the challenge, they can colour in the specific level of correct category for *myGame Wheel* in there junior folder. They can also add a Sticker to the correct level tracker sheet.

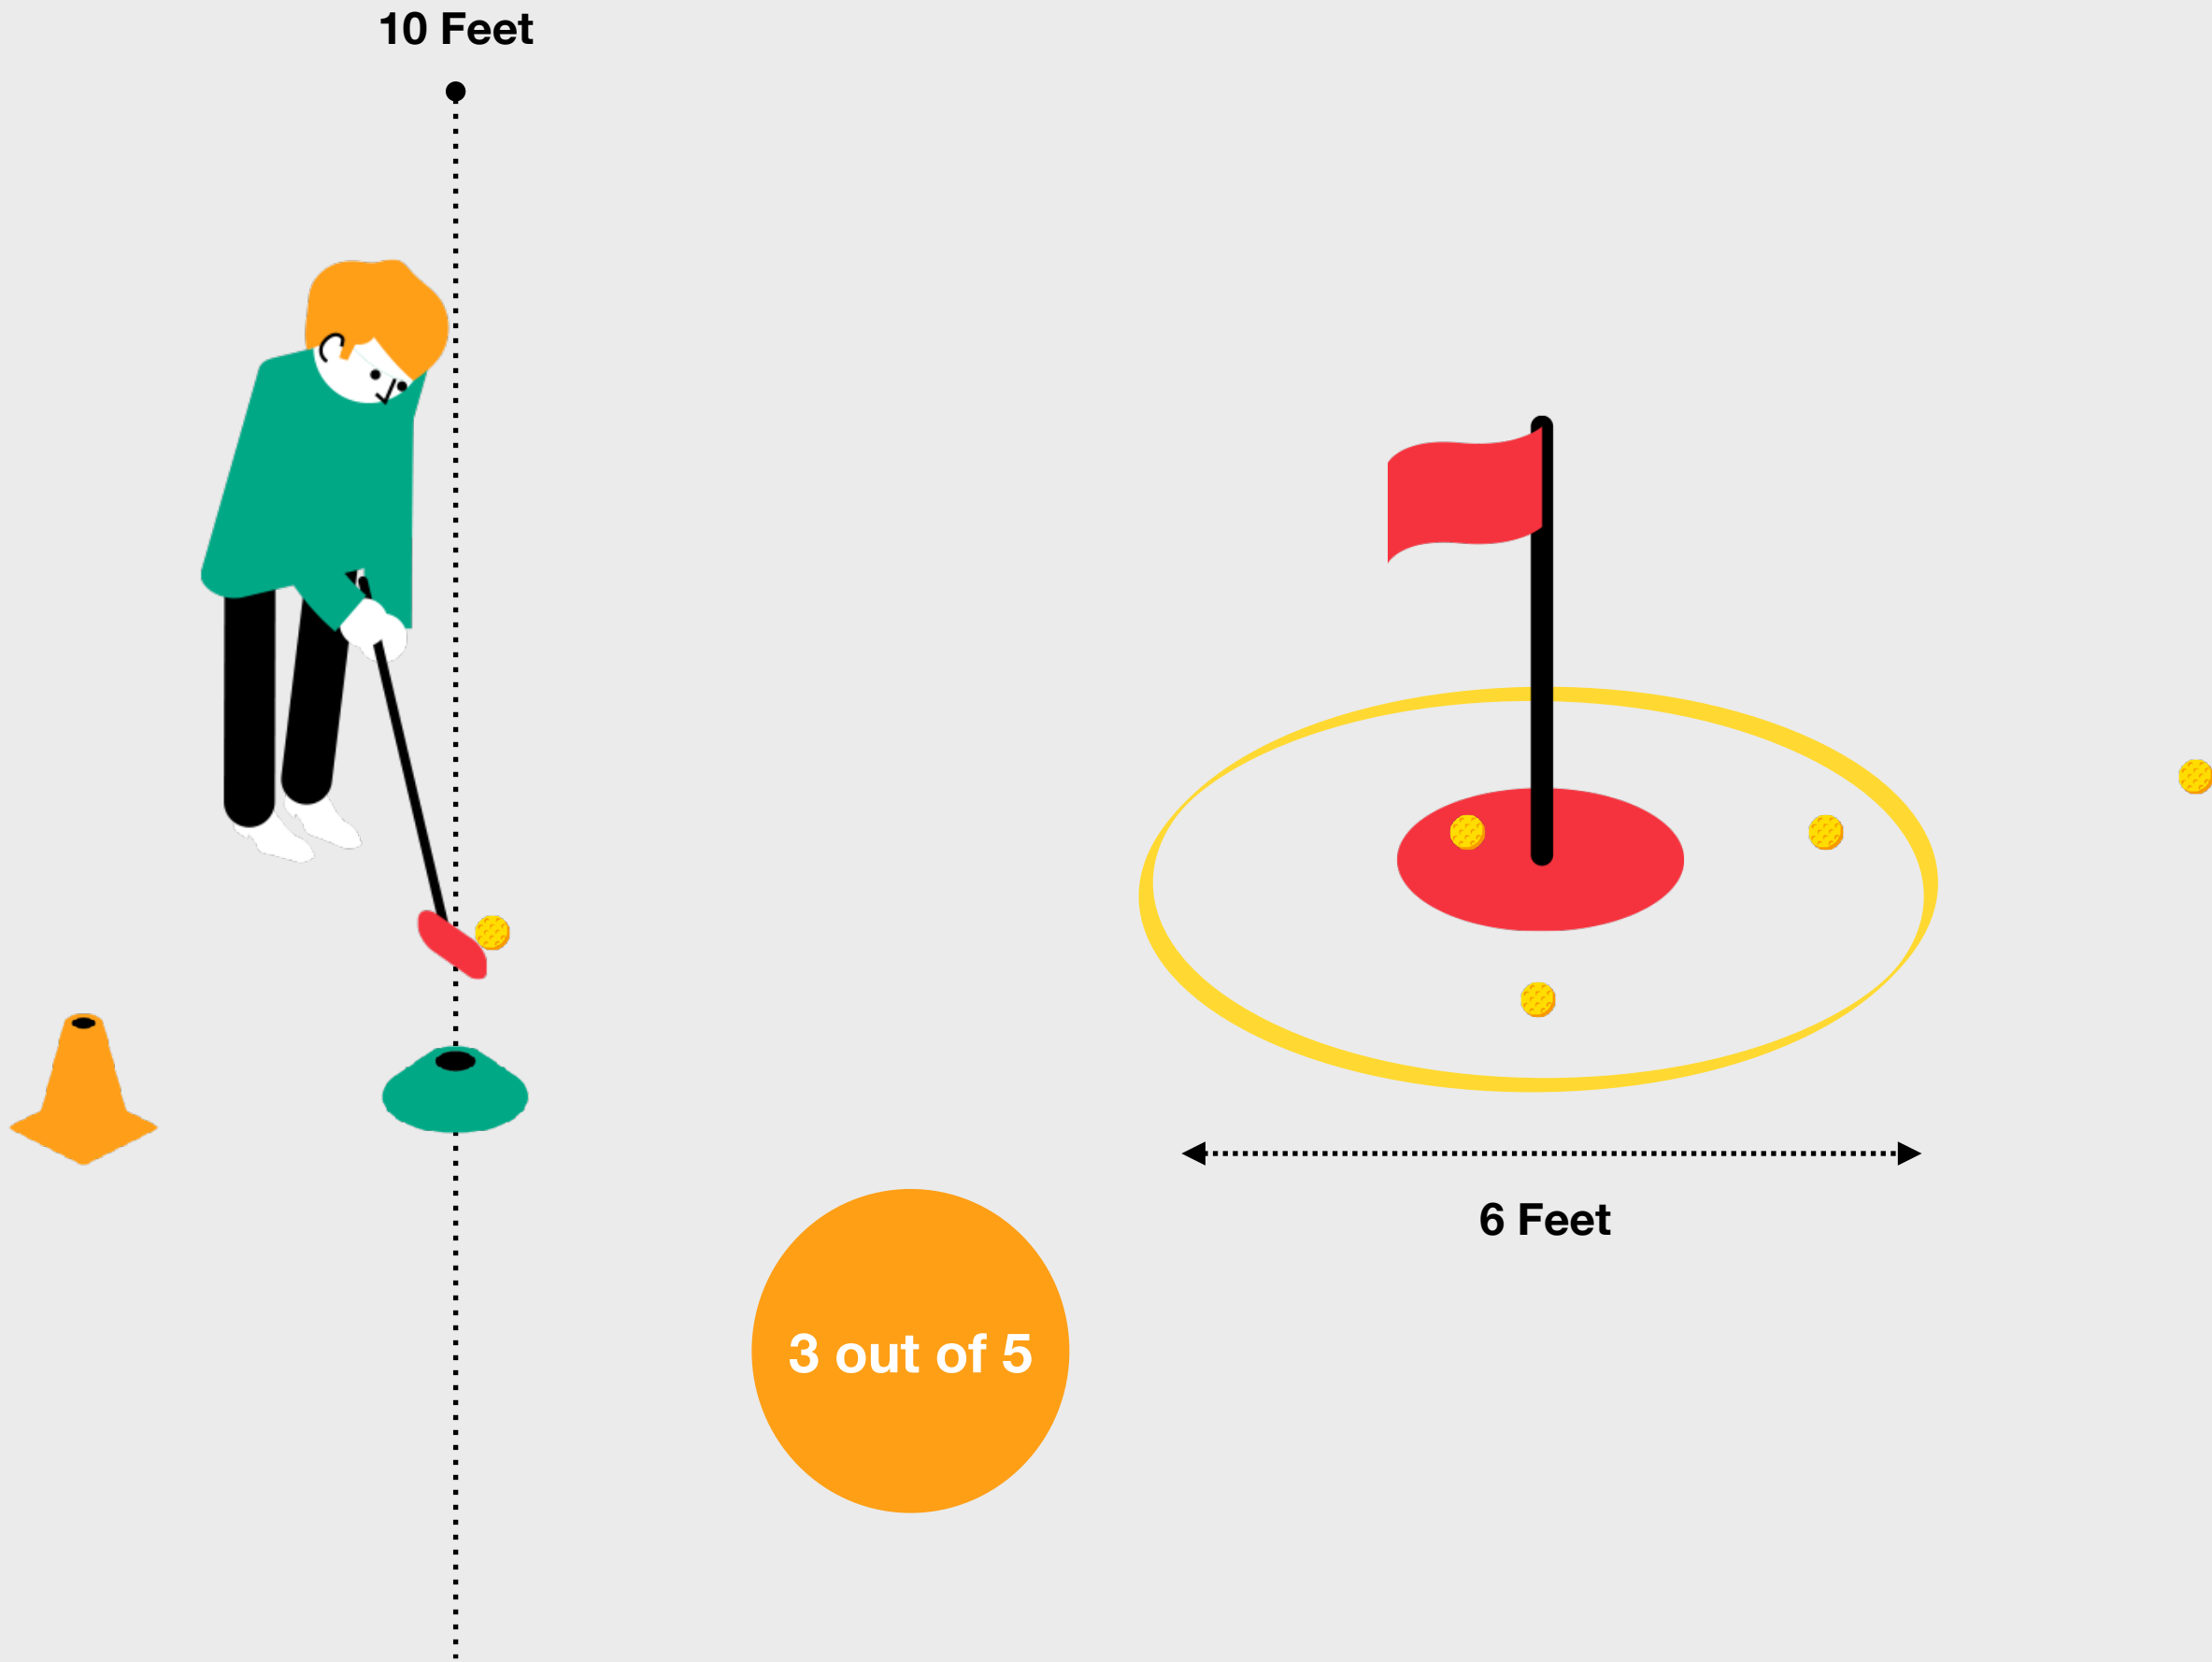

If they are also assigned to the Crush It myGame+ program on GLF. Connect the challenge can be marked as complete and the virtual rewards will be issued automatically.
