Layout and Setup

Class Layout and Setup

The graphic opposite provides an example image of how we suggest you layout your class so that the learning outcomes and activities can be delivered in a safe, fun and engaging manner. We suggest running the class as follows:

- Stations 1, 2 and 3 are **Game Stations**. At these stations the children play in pairs or play the games independently with occasional supervision from the coach
- Station 4 is the **Free Practice Station**. It is at this station the child can develop their fundamentals under guidance from the coach, away from any form of game or competitive play. You may decide the lay out a technical drill if appropriate for the child
- Children should play in pairs, with stations 1 and 2 being a pair, another pair at station 3 and the last pair at station 4
- Children should rotate around the stations, with each pair spending approximately **8 minutes** to spend at each station. Each child should get an opportunity at each station during the class
- Safety is your top priority when running your class, please remember to;
 - Add your orange safety cones behind each station to identify to the juniors where they are required to stand when not hitting from the hitting station
 - Dividers should be used to identify the hitting stations
 - Baskets should be placed to the side of the golfers and behind the hitting area
 - Juniors should never go in front of the hitting stations to collect a golf ball or golf club
 - Juniors should always exit the hitting stations from the rear by crossing the orange safety cones

Physical Literacy Warm Up Game

Hurdles

How to Play

- Split the children into even groups, ideally two groups of 3
- Number the children players 1 – 3
- Child number 1 starts with their hand on the starting cone
- On go, the child attempts to step or hurdle over the 5 hurdles, around the end cone and back to the start
- Once the first player returns the next player on the team goes
- The team that wins is the one who gets all players home first

Progression Ideas

- Add extra goes for each child
- Raise the height of the hurdles
- Introduce different FMS skills such as jumping, or hopping
- Raise the foam noodles all the way up and play Limbo as an alternative

Equipment Needed

4 x Orange Safety Cones

SAFETY

4 x Cones to mark starting positions and end cones

10 x Foam Noodles

20 x Alignment Sticks

Fundamental Movement Skills (FMS)

During your Warm Up Game, explore a range of Fundamental Movement Skills (FMS). The children should be encouraged to experiment and develop these movements and you can tailor the difficulty of the specific movement to each child or warm up game.

Kick

Explore this skill using both feet, different parts of the foot and kicking in the air and on the ground

Throw

Explore this skill using both arms, underarm and overarm throws as well as at a range of heights

Skip

Explore this skill using a rope and in dynamic motion at a range of speeds

Run

Explore this skill at a range of speeds, and going backwards

Hop

Explore this skill by alternating legs on the spot and in dynamic motion

Side-step

Explore this skill by alternating sides, touching heels and crossing legs

Dodge

Explore this skill by getting the child to dodge static and dynamic obstacles at a range of heights

Jump

Explore this skill by exploring the movement in multiple directions

Stand on one leg

Explore this skill by exploring balancing on both legs

Crawl

Explore this skill by exploring using different segments of the body

The Whole Child

Cognitive Growth Mindset

The Whole Child theme this week is to encourage a growth mindset. This is where a child believes that if they work hard and keep practicing that they will improve. A fixed mindset is one where the child believes they are just born good or bad at something.

Carry this theme into the class by reinforcing that the skills the children demonstrate in class have been learnt by applying effort and practice in the past.

It should be highlighted that the Achiever Award is presented to the child that demonstrates a growth mindset.

Taking the time to highlight this to the parents and children at the end of the lesson will reinforce the characteristics that embody the Crush It program.

An Achievement Sticker can be added to the myAcademy Folder if applicable to your program.

Reinforcing positive behaviours

There are lots of ways to reinforce the positive behaviours we want to see in your junior golfers.

Non-verbal reinforcement:

- Thumbs up
- Nod of your head
- A smile

Personal verbal reinforcement:

- “Love that attitude”
- “That’s the attitude we’re looking for”
- “Great effort, keep it up”

Group reinforcement:

- Stop the class, get everyone together, and highlight the behaviour you observed, and why you liked it
- Awarding the Achiever reward at the end of the lesson is a great opportunity to reinforce positive behaviours
- Be sure to pinpoint two or three moments in the lesson that stood out to you and praise the children involved

Learning the Game Focus

Playing and Scoring

Matchplay Format

The Learning the Game focus this week is learning about the Matchplay format.

You should introduce your juniors to how to score using this format and highlight the Ryder Cup as the most famous competition using this format.

Let the juniors try to score using a Matchplay format in some of the games in the class plan.

Carry this theme throughout the class and reward any behaviours with an achievement sticker.

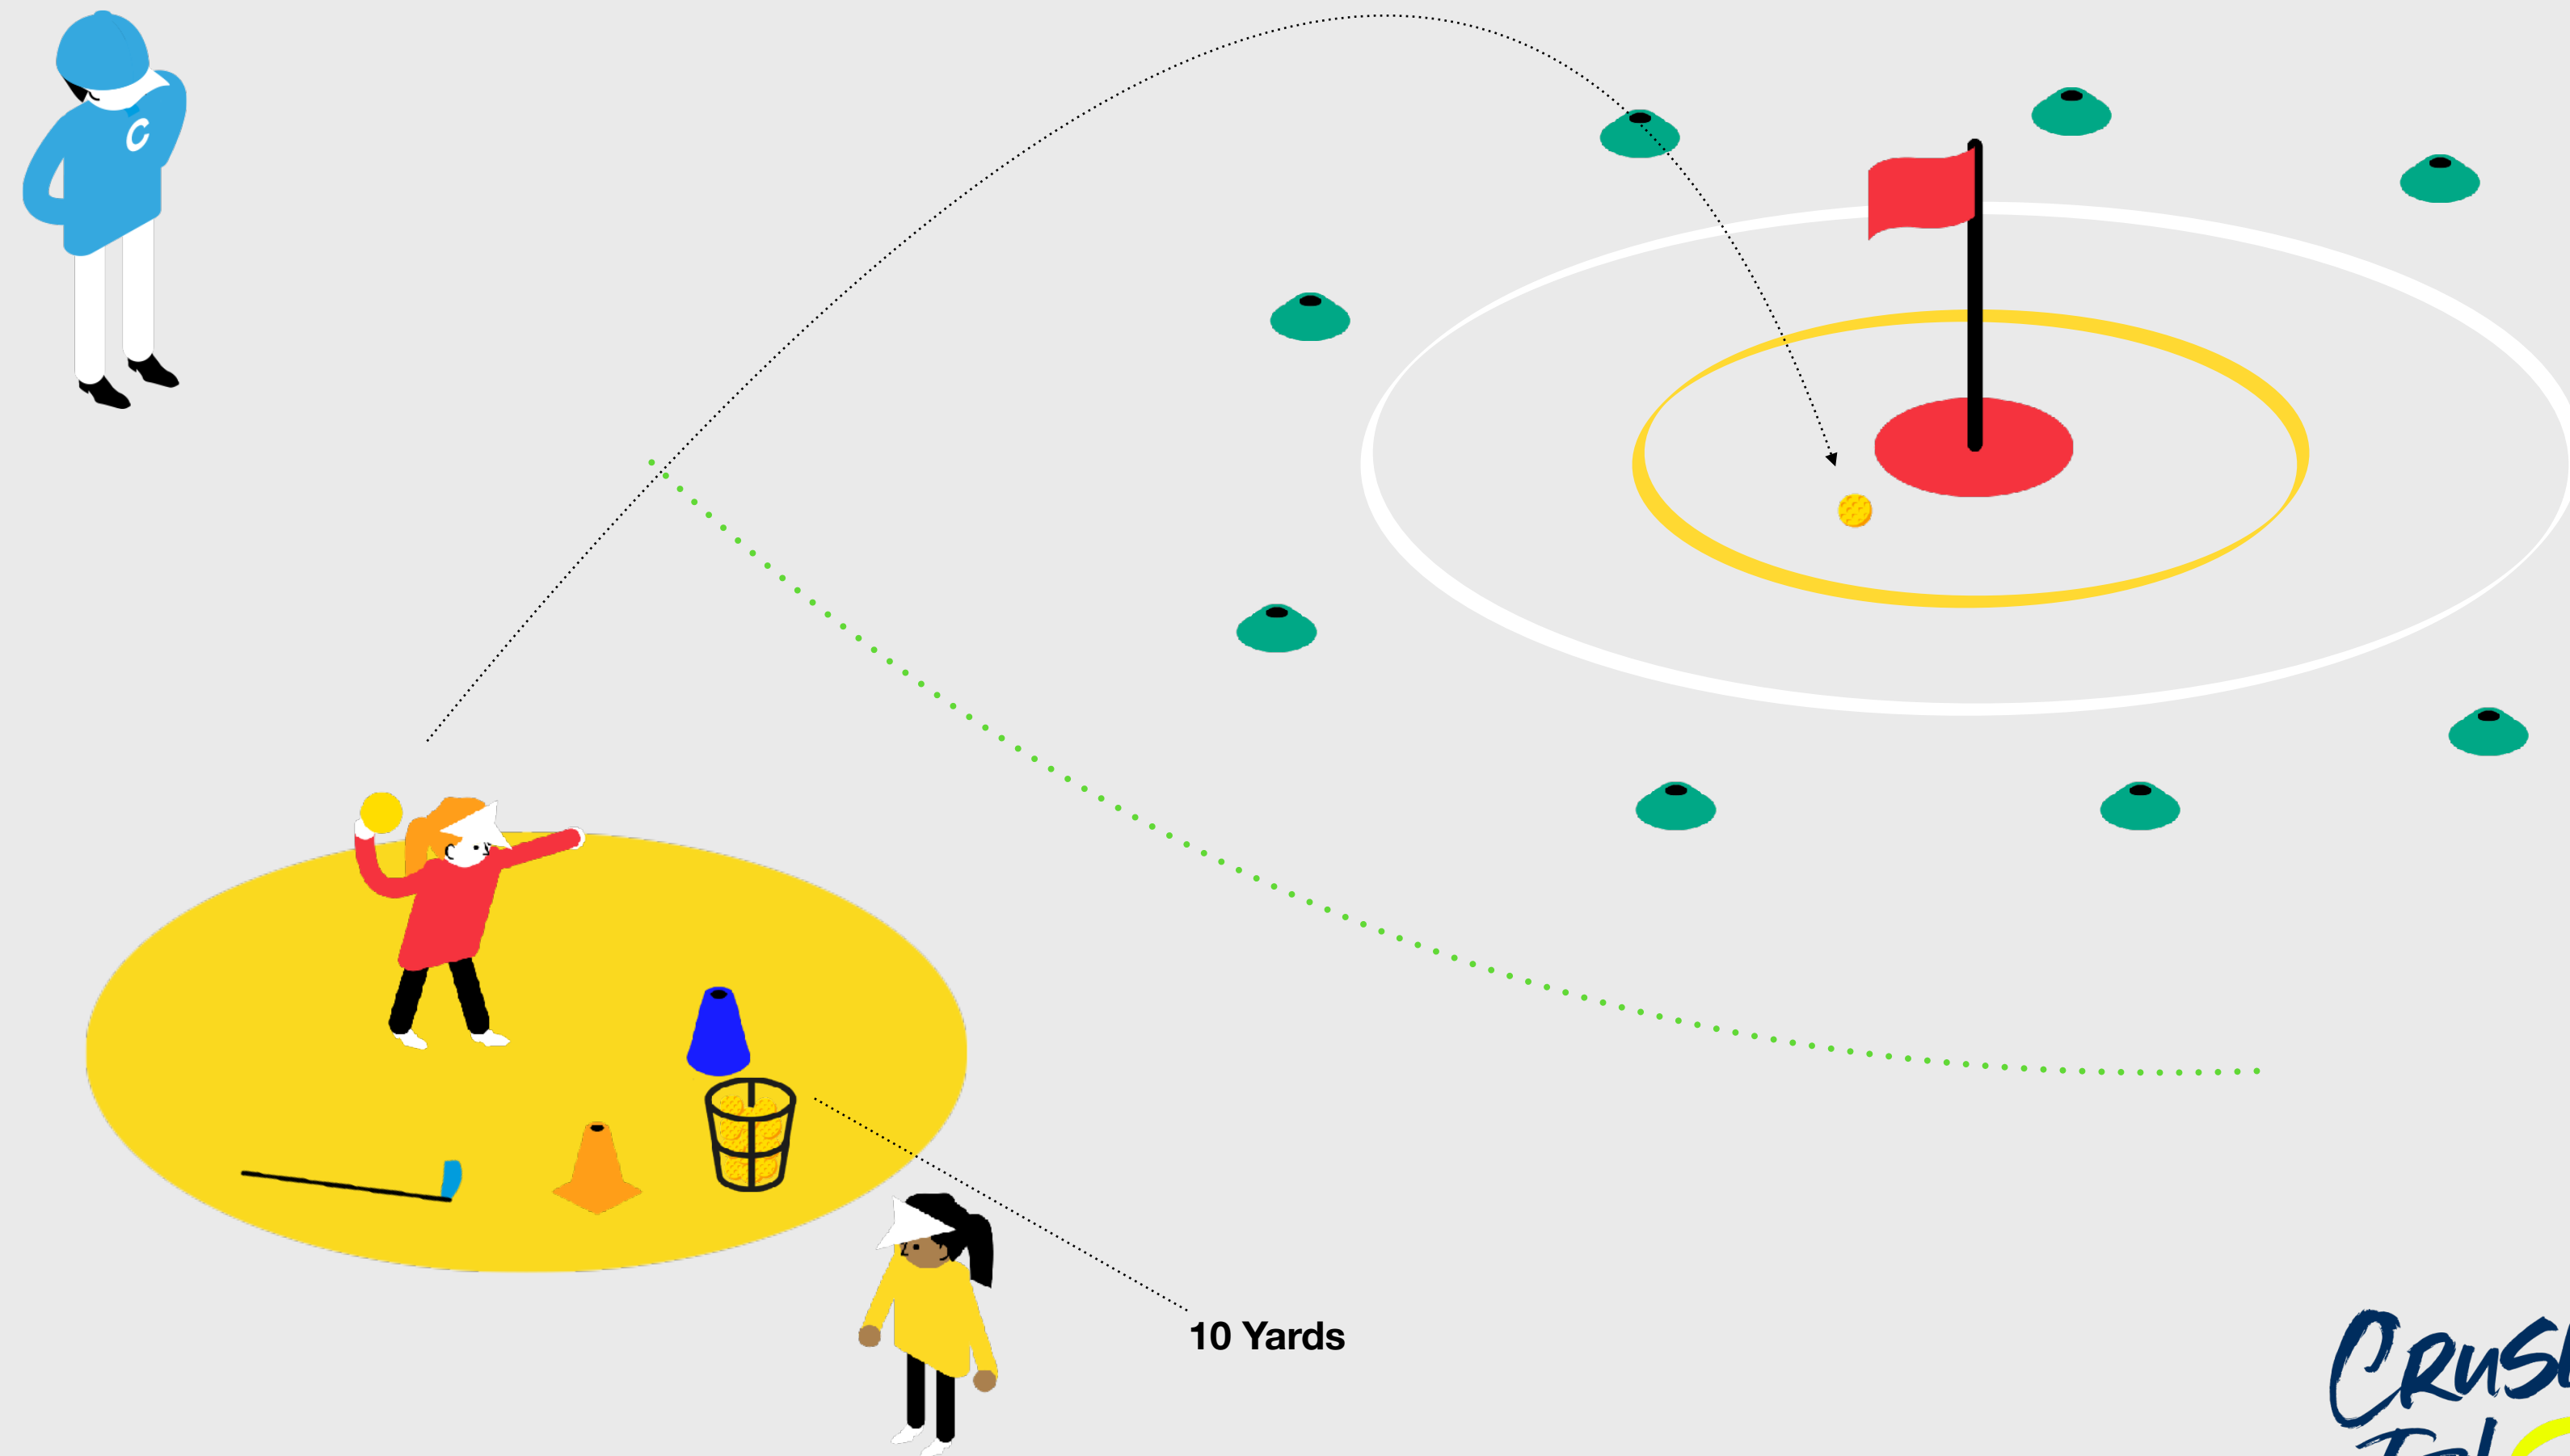

Questions to Ask

- What is Matchplay?
- How do we score using the Matchplay format?
- Has anyone played using Matchplay before?
- Can anyone tell us a famous golf competition that uses Matchplay as it's format

Mastering the Game Cards

Throw then Chip

How to Play

- Give the target circles different points
- Each child has 5 throws and 5 bunker shots
- The aim is to accumulate as many points as possible as a team, based on where the ball finishes
- The pair should try to beat their personal best score each time

Progression Ideas

- Change the size of the target circles
- Introduce a rule that the ball must land over the fringe to count

Equipment needed

Orange Safety Cones

SAFETY

Cones to mark out the necessary hitting station

Spare equipment that may be required for the group attendees.

Golf Balls

1 x 6 feet Target Circle

1 x 10 feet Target Circles

10 x Green Colored Cones for Outer 12 feet Target Circle

Closest to the Pin - Play it as it Lies

How to Play

- Give the target circles different points
- Each child has 10 shots and tries to accumulate as many points as possible based on where the ball finishes
- Children take it in turns to drop the ball in different positions around the green
- The ball must be played from where it lands

Progression Ideas

- Vary the distance of each shot
- Allow 1 re-drop out of the 10 shots
- Define whether the ball lands or rolls into the box

Learning Outcomes

- Ability to adapt to the conditions
- Understand there is an element of luck in golf that you cannot control
- React well to bad luck and you will perform better more often
- Variability in your practice helps to improve your skills and is realistic to how the game is played on the course

Equipment needed

Beat the Bunker

How to Play

- Nominate a player to play first. Each team has 10 shots per round
- The first player attempts their first shot and aims to get their ball out of the bunker
- Players score a point for getting the ball out of the bunker first time
- Players hit 5 shots each to get a total score for the round
- The aim is to beat your team's best score each time

Progression Ideas

- Vary the starting point in the bunker
- Vary the club that is being used
- Add additional points for getting the ball inside target circle

Equipment needed
