- Three starting points are positioned in a row at distances of 20, 30 and 40 yards

Equipment Required

- Orange cones to mark out a safety line

- Target circles from the equipment bag
- Cones to mark target circles

Obstacle Course

How to Play

- This game can be played individually or in teams
- Split into even teams or nominate players 1-6 if playing individually
- Player number 1 starts with their hand touching the start cone
- On go, the stop watch is started and the child attempts the obstacle course
- The stopwatch is stopped when the child reaches the finish line
- The winner is the child who gets round the obstacle course fastest

Progression Ideas

- The child gets an extra go to beat their time
- Increase the difficulty of the movement stations
- Increase the entire length of the course
- Add penalty seconds if the child incorrectly completes an obstacle
- Increase the difficulty of the golf stations

Equipment Needed

2 x Orange Safety Cones		SAFETY	Alignment Sticks

Cognitive Focus

- The Whole Child theme this week is to highlight to the children how important focus is on the course and when practicing.
- Carry this theme into the class by encouraging children on the free practice station to only focus on alternate shots, which will help them to see the positive effect of when they do focus.

Playing and Scoring Reacting to Shots on the Course

- The Learning the Game focus this week is to learn how to react to poor shots and good shots on the course.
- You should highlight to the children how important it is for their own game and for that of their playing partners that they react in a way that doesn't effect their next shot.

Stick Shift

Finish Line

**CRUSH
IT!**
JUNIOR GOLF

How to Play

- The children take it in turns to hit a chip towards the alignment sticks
- The aim is to get the ball to stop within the length of the two alignment sticks. If the child is successful they get to move the alignment sticks one length further on
- If the child is not successful in chipping the ball inside the length of the alignment sticks they have to try again when it is their turn
- The team completes the challenges when they get their alignment sticks past the finish line

Progression Ideas

- Increase or decrease the starting distance and the finish line distance
- Add in a rule whereby the children have to move the alignment stick back one distance if they are not successful

Learning Outcomes

- The primary learning outcome is control of distance
- Consistency of distance control

- Children take it in turns to attempt the shot, if successful, they move one foot closer to the noodles and attempt the challenge again

Progression Ideas

- Add in a target on the green
- Add a rule whereby you have to move one foot further away if you're unsuccessful

Learning Outcomes

- Controlling launch, height and distance of a flop shot
